

NO 4 IRON ORE STORAGE
ESPERANCE, WA

CLIENT:
 PORTMAN LIMITED

PROJECT VALUE:
 \$13.6M

DURATION:
 MAR 2005 -
 NOV 2005

Design and construction of a 300,000 tonne iron ore stockpile building complete with conveyor inloading and outloading systems integrated into the Esperance Port's existing infrastructure.

The storage facility also incorporates the latest technology in dust collection and diesel fume systems.
